Len Perich
United Electrical Contracting WA PTY LTD
7 Port Pirie St
Bibra Lake, WA, 6163

Dear Mr. Perich

It is my pleasure to provide this letter of recommendation for United Electrical as an electrical contractor to our business.

I have worked with United Electrical as part of Hidrive (formally Bosston) for over two years. Len and his team have always conducted business in a professional manner and have always been willing to work within the constraints of our schedules to assist in ensuring our projects success.

No job has ever been to big or to small for Len and his team. They worked with us when we moved into our new building where office lighting, workshop lighting, single phase and 3 phase outlets were required. They assisted with technical advice, cost saving suggestions and contributed to finding solutions where required. They have also been available on short notice to fix the small issues that arise from time to time.

Len is someone who understands the needs of a business and is willing to work with you to meet the time constraints of a project and has always found a way to ensure someone is on site when it matters.

I am happy to recommend Len and his team at United Electrical Contracting. If you would like to speak with me about my experience, please feel free to contact me.

Yours faithfully,

David Coleman

Production Manager
