### Testimonial - United Electrical Services

United Electrical Services has been Rosewood's electrical contractor for over ten years. During that time Len and his team have undertaken a wide and varied range of services, from new installations, to general and programmed maintenance, and on many occasions, emergency services in extreme conditions.

I have found the team approachable, responsive and extremely knowledgeable regarding their trade and matters relating to National Standards.

Personally, I have established such an excellent professional relationship with Len, that he is the "go-to-man" on any matters relating to the electrical services for Rosewood.

Please contact me if you would like any further information.

Yours sincerely

Mario Zulberti (JP)  
Chief Executive Officer
